

The 50 – 30 Challenge: Your Diversity Advantage

This worksheet content has been developed in line with the four key pillars of Inclusion, Diversity, Equity and Access to support the BPWC/CCEW IDEAS4GE Community Building Events. These events are part of the Project – Strategic partnerships for a COVID-19 response to promote the full participation and economic recovery for women in all their diversity in Canada.

The areas of focus listed for each of the pillars is supported by KPMG findings and research during the development of the What Works Toolkit and the body of work conducted by the BPW Canada/CCEW Project Team. For each area of focus identified, connection points to specific tools within the <u>What Works Toolkit</u> have been provided so that participants are able to use the toolkit to further support their exploration and learning sparked during the IDEAS4GE Innovation Challenge in the community-building event.

Inclusion			
Area of Focus	Key Questions to Ask	Application to the What Works Toolkit	
	Is there the presence of strong validation	- Board and Leader Guidebook –	
	and reinforcing behaviours from leaders in	Section 3.0	
Leadership	creating a sense of belonging and purpose	- <u>Starting the Conversation – 6.0</u>	
Behaviours	for employees?	(Click read more & scroll)	
	Is there a willingness to counter tokenism		
	and a numbers driven diversity strategy?		
	Do employees have feelings of inspiration,	- Board and Leader Guidebook –	
Individual	enthusiasm and empowerment within the	Section 4.0
